2020 Annual Summer Arts Program

The Peachland Community Arts Council sponsors this annual event. We feature artists and artisans in the nine-week program.

The COVID 19 has altered some of our procedures, but we are prepared to safely welcome visitors to our little gallery. Come and visit the artists, to, pick up some painting or quilting tips, or buy yourself a summer hat.

July Thurs - Sunday

Connie, Henny and Sharon open the Program this year with their colourful kid's quilts, and a variety of fabric items. The three are accomplished quilters and love to share their knowledge.

Faye Belanger and Eleatha Reniers, and Vera Rezanoff are members of the "Passion 4 Art: group are next with a variety of acrylic work. Visit and watch them paint.

Paula and Peter McLaughlin have invited **Terry Moore** to join them this year. I expect to see some unique and fun pieces from these three artists. Each has his own style, and technique; definitely worth a visit to view their work.

Christine Millar, Julie Brooks and Millie Winston will display their various talents to their week in the Little School. Lots to see and lots of variety. They are all members of the Peachland Art Group.

August Wed to Sunday

The "Troika" Group, **Susan Driussi, Louise McIntosh, and Susan Haglund** all paint together, sometimes on the same canvas. Their abstract pieces are fascinating, colourful and unusual. Each has her own style aside from the group work; lots to see.

Connie Ross is back again this year with her wonderful assortment of fabric art and practical pieces. Buy a hat or a charming quilt and be one of Connie's fans.

Bob Jenkins will bring his wonderfully-detailed pastels of abandoned mining sites, discarded machinery, and lost history of the BC back country. **Sandra Kessler's** work is an interesting contrast of mixed media pieces, ethereal and charming.

Darlene Romanko is new to the Summer Arts Program and we look forward to her work
