### **The Story of Peachland, 3<sup>rd</sup> edition, by Don Wigfield (2018)**

This 91-page book covers the chronological history of Peachland, arranged largely by decade. It also has several chapters on the history prior to the founding of the town in 1898, such as the Fur Brigade Trail, and the events that made the creation of communities on Okanagan Lake viable.

### **Peachland: A Pictorial History of the First 100 Years, by Richard Smith (2008)**

This book was produced as a centennial project of the Peachland Historical Society and contains many early photographs from the author's personal collection

### **The Chronicles of Peachland: History of the Years from the beginning until 1983 (2017)**

This book is a reissue of the first 210 pages of the classic (and now out-of-print) *Peachland Memories* volumes, containing the memories of the Peachland pioneers still alive in the early 1980's. This is the purely historical section of these volumes. Unlike the original books, this new issue is now fully indexed, allowing the reader to more easily find desired information.

### **The Chronicles of Peachland: History of the Years 1984–2012 (2013)**

This 278-page volume, with 78 articles on different aspects of Peachland life was produced by the Peachland Historical Society in 2013 to update Peachland happenings in the 30 years from the time that *Peachland Memories* was completed in 1983. Fully indexed, the book was the work of 43 different authors, each writing about the events or society on which they were directly involved.

### **Peachland: 100 Years of Council Meetings (multi-authored)**

This book was the centennial project of the municipal staff and captures important or amusing items from meetings of Peachland Council over the years.

### **Coming soon...**

### **The Roads of Peachland: the Historical Origin of their Names, 2<sup>nd</sup> edition, by Don Wigfield (2011)**

This first edition of this book, now sold out, contains the background to all the road names in Peachland, the majority of which honour individuals or families who have made a difference in enhancing the quality of life in Peachland. The second edition, expected to be available in fall 2018, will expand the information to include both new roads built since 2011, as well as names for future roads that have been approved by Council.

### **The Pioneer Families of Peachland**

This book will be a reissue of the family sections of *Peachland Memories* (pages 211-346 of Volume I and all of Volume II). It will also contain a full index – the absence of which was a severe drawback to using the original volumes. This index is currently in preparation and it is hoped that the book will be available in early 2019.
